Repairs

Thanks to Dominic Jackson for all the help he provided with electrical repairs to the hall and church. Dominic helped us to update and improve some of the electrical appliances - his assistance was greatly appreciated.

Church

Work will be done at the end of the month on the ceiling of the church. At the same time we will replace and renew the lighting in the church. Instead of the existing raised light these will be replaced with new lights that will lie flush with the ceiling. There is a sample light that has been positioned near the organ that gives you an impression of how the new lighting system will work. .

Christmas Toys Appeal

One of our parishioners is organising a Christmas toy appeal.

- The person is working in conjunction with groups helping children and young people in the city of Glasgow and surrounding areas.
- These groups will designate whether the gift is for a boy/girl and also their age group.
- You would take away a tag from the church porch with these details on it and get a gift for this child.
- You would be asked to buy it and wrap it and return it with the tag to us.
- Please don't send in just any toy. It has to be for that specific boy/girl and that age group.
- The system is that we have a number of children who have been targeted in the city and these toys will go to specific children.
- The tags will be available from Sunday 19th November in the porch of the Church on a table which is marked "Christmas Toys"
- The tags will be taken away on 3rd December and gifts at the latest have to be returned to the church by 10th December.
- If you can help please follow this system.
